**Subject:** A.21-09-002: ADMINISTRATIVE LAW JUDGE'S EMAIL RULING DIRECTING APPLICANT TO FILE A RESPONSE

To the service list of Application 21-09-002:

In the Amended Application (filed on January 14, 2022), on page 2, Applicant proposes to offer "local and interexchange telecommunications services." However, in a more detailed description on page 1 of its Response (filed on January 14, 2022) to the Administrative Law Judge's January 3, 2022 Ruling, Applicant describes the proposed services as "point-to-point to point data transmission services such as Ethernet transport to commercial customers and other communications providers," and Applicant states it will not offer any voice services beyond partnering with an affiliate to provide Voice over Internet Protocol (VoIP) services. Broadband or data services are not telecommunications services for the purposes of the Commission's Certificate of Public Convenience and Necessity (CPCN) authority.

This Ruling therefore directs, by March 4, 2022, Applicant to file a response that comprehensively describes its proposed services and identifies which of the proposed service or services require(s) the Commission to exercise its CPCN authority. Applicant shall serve its response on the service list of this proceeding.

IT IS SO RULED.

THE DOCKET OFFICE SHALL FORMALLY FILE THIS RULING.

**Brian Korpics** (he/him)
